The Team at Silver Skye have enjoyed vacations in Ireland so often over the years, its a real pleasure to include Irish Tours in our list of services.

Fly into one of Ireland's main International Airports at Dublin, Shannon, Cork or Belfast, meet your car/van and driver, then head off into the Green for a journey of huge contrasts. Whether its the northeast coast of County Antrim by Torr Head and the Giants Causeway, the beauty of County Donegal and Mayo down through County Galway, County Clare into Kerry, or the south coast of County Cork with its picturesque port of Kinsale and Blarney Castle, up into the cosmopolitan cities of Dublin and Belfast, Ireland has a bit of everything to keep their valued visitors happy.

Let us know what's of interest, where you would like to visit, how long you've got to spend in Ireland, then work with us to build your customised Irish Vacation Package. Sit back and relax while your Driver tries to understand the Irish road signs, takes the wrong roads, gets confused and depressed, but ensures you have the most amazing Irish adventure possible.

Enjoy the beautiful scenery, soak up the Irish hospitality, enjoy a session of traditional music in one of Ireland's great old pubs, try the fantastic Irish seafood, and head for home having visited one of Europe's great vacation destinations..... better have a Guinness or two also !

If you have family history in Ireland, let us know what places are of relevance and, time and distance permitting, we'll try to build them into your Tour.
